

## Bioparc Zoo

Bioparc is the new spectacular Zoo in the city of Valencia, situated in the Parque de Cabecera, at the northern end of the River Turia.

Submerge yourself in the exotic Savannah, equatorial Africa and Madagascar. This new-generation zoo lets you experience the true habitats of lions, chimpanzees, gorillas, elephants and much much more.

With an incredibly aesthetic setting, this is definitely worth a visit, all the animals are easily visible with excellent vanatge points. But there is more than just animals to be seen here, pay close attention to the rocks and trees and too!

All together a great day veiwing the wild animals in their natural habitats.

Bus routes leading to the Bioparc are the following: 7, 17, 29, 61, 81, 95 or Metro lines 3 and 5.
